

Containing coronavirus and influenza infections

Please always check before entering the factory premises:

- In daily life: Are you a visitor or an employee of an external company?

- Please call your contact person and/or employer.
- **Clarify whether entering the factory premises is absolutely necessary.**

- Do you have a **fever**?
- Do you have a **cough**?

- **Do not enter the factory premises.**
- Call your doctor.
- Only come to work if your doctor has told you that you are not contagious.

- Were you or a member of your household in a **high-risk area** in the last 14 days*?
- Have you been in **contact** with a person who has **suspected coronavirus** or who is already in quarantine?

- **Do not enter the factory premises.**
- **Self-isolate immediately.**
- Call your doctor.

Please only enter the factory premises if none of the above points relate to you. Ensure strict compliance with the hygiene rules.

* Up-to-date information on the classification of risk countries is available from the Robert Koch Institut.
